FAQ

Our Barebones Beacon Hanging Light comes with a smooth dimming feature that allows you to completely brighten your surroundings or simply set the mood. This portable light easily hangs with its carabiner top or stands on its sturdy base. The Beacon comes with an attached 9-inch USB cord and an additional 35-inch cord for its rechargeable battery—which lasts 200+ hours on low or three hours on high. And thanks to a convenient battery life indicator, you'll never be left in the dark.
