Designed and Handcrafted in Melbourne, Australia this simple ceramic dish wall light is available in a variety of hand-glazed finishes. Its minimalistic dish frames a central opal glass diffuser that houses a G9 LED, emitting warm diffused light suited for hallways, living areas and bedrooms. Its wide range of glaze finishes and smooth rounded shape lends itself to both modern and contemporary styled spaces. Due to the handmade nature of this wall sconce, each piece is infused with slight variations making no two alike and perfectly unique. Made from Australian stoneware each piece is designed to last a lifetime.
