★★★★★ Aesthetically pleasing

17/04/25

The advantage of Bromic is aesthetically its very pleasing on the eye and it's functional - but it's hidden. It doesn't stick out as a hardware within the space.

★★★★★ Good looking recessed heaters

17/04/25

The Platinum Electric heaters are so clean and modern looking that people don't even recognize them as heaters.

★★★★★ Heater Upgrade

16/04/25

Our guests have been wowed by the entertainment space and impressed with the heaters. They are not obvious as the black glass helps to disguise them within the space!

★★★★★ Seamless and well designed products

28/03/25

The product is Architecturally designed where it is very effective in its design and provide sufficient heating to the area we have utilized it for, the guidance from Bromic on how to install and calculating the coverage was very helpful, the product sits flush in our alfresco ceiling and have made ...
